Further About the Alleged Scheme of "Gobbling" Up Players and Grounds.

Spalding's Trouble About New Grounds-New Pitcher Wins a Game for Indianapolis -Results in Other Contests-Turf Events.

A SUCCESSFUL TRIP.

President Brush Pleased with the Work the Hoosier Club in the East.

President Brush, who has been with the Hoosier ball team since it reached Boston in its final Eastern tour, left the club at Philadelphia Thursday last, and is home again looking very much improved in health. Mr. Brush is well pleased with the work of Manager Glasscock and his men since they left home, and has many complimentary things to say of the team. He speaks highly of the conduct of the players during the trip, and is equally enthusiastic over the success they have achieved. Manager Glasscock, says the has displayed marked ability in his management of the and in handling the team, both on and off the field, and adds that Anson never did better in his palmiest days. The work of the team in Boston and New York was the greatest ever seen on the grounds in those cities, satisfied with the record made, he claims it would have been still better had not Getzein been disabled in Cleveland. The latter strained a tendon in his pitching arm in the last game he pitched in the city named, and has not been in a condition to do anything since. He has remained with the club, however, hoping, from day to day, that he would be in shape to take his turn in the box. but it is now doubtful if he goes in before the team reaches home. Of the new pitcher Mr. Brush knows but little. His name is John Fee, and his home is at Carbondale, Pa. About the only work he ever did was with an amateur club of that city. He was brought into prominence by a game he pitched against the Rochester International League team, in which he held that club down to five hits. He was recommended to Manager Glasscock by a friend of McGeachy who had seen him, and friend of McGeachy who had seen him, and believed him to be a promising youngster. Fee is only about nineteen years old, and a man the size of Russie. He is a quiet young fellow, and is said to have good habits. President Brush thinks he may develop into a first-class man. He joined the team at Washington, but on account of the wet weather had not been seen even in practice up to the time Mr. Brush left Philadelphia. The young man's first appearance, however, would indicate that he is a good investment. He did splendid work against the Quakers yesterday, and if he can only keep it up the club has certainly found a valuable man.

Mr. Brush says the Indianapolis team, as

Mr. Brush says the Indianapolis team, as now made up, is one of the strongest in the League outside of the box, and it is the in-League outside of the box, and it is the intention to look out for that department before the opening of the coming season, if the public will give the club and management any encouragement. The Hoosiers will be at home Thursday, when the Pittsburg team will be here for a series of three games, and they should be welcomed by large crowds. The club has played great ball and deserves liberal patronage. The record made during this trip is the best the team has ever made, and is better than any of the Western clubs. It has won ten out of eighteen games since it left home, and when it is remembered that Boyle and Rusie have done all of the pitching since the team left Cleveland, this showing is remarkable. Pittsburg only won one game in the East, Cleveland five, Chicago three and Indianapolis six. The Hoosiers also took a majority of the games played in the West so far, and is still in sixth place by a fairly good margin. Before coming home the club will go to Chicago for three games, and it has a reasonable chance to get two out of has a reasonable chance to get two out of the three contests to be played. The team has fifteen regular and one postponed game to play on the local grounds and will make a desperate effort to overtake Cleveland in the race. Following Pittsburg, New York, Boston, Philadelphia and Washington will come in the order named. Boston and New York will both be here during fair week and the management will make special preparations for large crowds.

THE WILY BALL PLAYERS.

The Brotherhood Men Seem to Have Stolen a March on Spalding-A Visionary Scheme. CHICAGO, Sept. 14 .- Hints of various kinds touching an important move to be made by the Brotherhood of Base-ball Players have been published recently, but none of them have covered the ground. The Journal, this afternoon, publishes the following: The report that the Brotherhood of Base-

ball Players intend to take the game out of the hands of the present owners of the League clubs seems to have some foundation. They are preparing to "gobble" the whole business, grounds, players, audiences and all. And what is more, they don't propose to lose any time in doing it.

The probabilities are that by the close of

the present League season the plans of the Brotherhood will be well enough matured to warrant a public acknowledgement of their intentions. Just at present they are not giving away any more of the particulars than they can help. Mr. Spalding, however, got a quiet tip of what was going on the other day, and it came in a way calculated to confirm the rumor of organized opposition. The Chicago ball club's lease bought a site for a new park near the county hospital. He was given to understand by the contractors that they would have the new grounds ready for use at the opening games next season, and relying upon their promises, he notified the owners of the old park that he would not renew the lease. A few days ago Mr. Spalding inspected his new purchase and, instead of finding the carpenters and landscape gardeners at work, as he expected, saw only a few lazy teamsters dumping ashes and garbage in a seemingly bottomless hole.

Mr. Spalding was mad. He recognized the fact that it would be impossible to put the grounds in shape for the opening games and thought he would re-lease the old park. When he called upon the owner, however, with that object he was given to understand that he was too late. An option had been taken by a responsible Chicagoan and he refused to surrender it. Not only this, but the gentleman had said that he wanted the ground to play ball on. And he does,

That gentleman is the agent here of the brotherhood, and has worked things so well that the Chicago ball club will not only be without grounds next season, but without players as well, that is, good ones, The plan of the brotherhood is to run the game, so far as the League cities are concerned, on a sort of co-operative basis. If it succeeds, then the other associations may be similarly re-or-ganized. It is proposed to place the man-agement of the whole affair in the hands of a general committee of eight, consisting of These clubs will probably be formed in New York, Boston, Chicago, Philadelphia, Brooklyn, Cincinnati, Washington and Clayeland Cleveland or St. Louis. Each club will and also crossed the plate on Delhanty's have a stock capital of \$20,000, some of must of McGeachy's fly.

to take some chances. Pfeffer, it may be added, will probably be the manager of the Chicago club under the new regime. The players are to receive a small, but fair salary, and a percentage of the net profits. The receipts, after all expenses, including the players' salaries and percentages are paid, are to be put into a pool and divided into eight equal parts, one share going to each club. It is hoped by this to bring the cities all on the same financial footing and do away with the claim that the strong cities are making money at the expense of the weak. From each club's share of the net profits a stated amount will be paid into a sinking fund and the rest paid out in

dividends on stock. Another new feature will be the hanging up of big money prizes for the first and sec-ond, and perhaps third, clubs in the championship race. The amount has not been yet determined, but it has been suggested that each club put, say \$5,000 in the pool at the opening of the season. This would make \$40,000 to play for, of which the winning team would take \$25,000, the second \$10,000 and the third \$5,000. This would, it is believed, invest the game with an interest which does not now attach to the flying

est which does not now attach to the flying of a mere championship pennant. The projectors of this new system do not intend that the game shall deteriorate either in its attractiveness, the skill of the players, or the personnel of the audiences. There will be no Sunday games, no liquor selling on the grounds, and but little change in the prices of admission, unless a motion, now under debate, to reduce the "bleaching-board" tickes to 25 cents, should

YESTERDAY'S GAMES.

Hoosiers Play Two Games at Philadelphia and Win the Last with a New Pitcher.

Special to the Indianapolis Journal PHILADELPHIA, Sept. 14.—The Philadelphia and Indianapolis clubs played two games to-day. The first resulted in a victory for the home team, by a score of 11 to 3, and the second was won by the visitors, by a score of 10 to 7. Owing to the counterattraction at Athletic Park and the fact that a great many people thought the grounds would not be in fit condition to play on after the heavy rains of the past four days, he attendance was comparatively light, there being only 4,387 paid admissions inside the inclosure. The grounds were in pretty fair shape, but just Mr. Brush thinks, and while he is perfectly | slippery enough on the turf to handicap the fielders, as well as the base-runners. While the second game was close from start to finish, neither can be said to have been a first-class exhibition of ball-playing, nor was either very exciting or interesting. The only interest centered in either contest was during the last few innings of the second game, and then there was no small amount of excitement, owing to the closeness of the score.

> a walk-over for the Philadelphias. They hit Rusie's delivery hard and often and were lucky in bunching their hits. Rusie's support was poor, the visiting team's errors being very costly and Sommers's back-stop work was inferior. His four passed balls proved very damaging to his side, and his wild throw also let in a run. Buffinton pitched a strong game for the home team, keeping the bits off him well scattered, and he was given excellent support behind the he was given excellent support behind the plate by Clements. The home team's fielding was about mediocre, but their errors did not play an important part in the Hoosiers' run-getting. The Philadelphias scored three runs in the first inning on a base on balls for Wood, a wild throw by Sommers, singles by Meyers, Thompson and Fogarty, Mulvey's sacrifice and Sommers's throw down to second in a futile attempt to catch Fogarty stealing that base. In the third, after two hands that base. In the third, after two hands were out, Thompson sent a fly to center which Andrews lost in the sun, giving the big right-fielder second base. Mulvey, Farrar and Buffinton followed with hits, and Fogarty, Hallman and Wood were sent to first on called balls, Sommers had two passed balls, and the result was five runs. Three more came in in the eighth on a base on balls for Wood, singles by Clements and Meyers and Thompson's two-bagger against

After an intermission of about five minntes the second game was begun at 3:55 o'clock. Indianapolis presented the same nine, but several changes were made in the home team. Sanders replaced Buffinton in the box, Schriver relieved Clements behind the plate, and Delhanty took Wood's place in left field. Rusie only

lasted for two innings, during which time he was hit hard, and, aided by poor fielding, the home team piled up six runs. Fee, the young pitcher from the Canandaigua. N. Y., club, who was signed by the Hoosiers early in the week, then relieved Rusie, and the Philadelphias found run-getting difficult task. Fee is a strapping big fellow, and undoubtedly a great young pitcher. He has terrific speed, fine command of the ball and very good curves. The Philadelphias found him well nigh invulnerable, and the four hits on its present grounds, at the corner of Congress and Loomis streets, expires this year, and some time ago Mr. Spalding four different innings. Only one run was made while Fee was in the box, and that was in third on a base on balls for Fogarty. two steals and a wild throw by Hines to the plate. Sanders pitched a poor game, and it was mainly through his all-round bad playing that the Philadelphias lost. Mulvey's two wild throws were also

very costly, and gave the Hoosiers at least three of their runs, while Delhanty's muft netted them another. While Schriver, Glasscock, Denny, Bassett and Meyers played their positions finely two distinctive features marked this contest, and they were phenomenal running catches by Thompson and Andrews. In the seventh uning Thompson robbed Seery of a two-bagger, the Hoosiers of several runs and temporarily saved the game by a most remarkable catch, he jumping in the air and taking the ball off the right-field wall. In the last inning Andrews spoiled the Philadelphias chances as well as their hopes, by a wonder-

ful running catch of a terrible drive to the

flag pole by Meyers. Indianapolis made three runs in the first inning on Seery's double, Mulyey's wild throw, which gave Andrews first, Denny's single and Glasscock's two-bagger. They duplicated this performance in the second, when singles by Bassett, Hines, Seery and Andrews, and a wild pitch netted them three more. Nothing further was done until the seventh, when they tied the score on singles by Andrews, Denny and Sommers. In the ninth, Indianapolis won the game. Seery was sent to first on balls and reached third on Mulvey's wild throw atter picking up Andrews's bunt. Denny sent both home with a single to center. The latter reached second on the throw-in,

which will be taken by the players, and the Philadelphias scored twice in the the rest by the men who are to act as ofthere are already five applicants for every dollar's worth of stock, and the scheme has been only confidentially broached to a baker's dozen of men. Other League Games.

CHICAGO LOSES TWO GAMES, NEW YORK, Sept. 14 .- The New York and Chicago teams played two games at the Polo grounds to-day, the Giants winning both. They were the Giants' last championship games on the home grounds this year, and the crowd gave the champions the heartlest kind of a send-off. At the conclusion of the second game the crowd cheered the local players with great zest. The first game was well played. Ward, Richardson and Welch covered themselves with glory, and the spectators were continually applauding. The second game probably caused An son more suffering than any other game be ever played. Dwyer's curves were batted in every direction, while in the fifth inning the whole Chi cago team went to pieces. Keefe had taken Welch's place, and after the first inning he gave a superb exhibition of scientific pitching. Richardson and Ward again did yeoman's service in the field. It rained dur-ing a portion of the match. The first game re-

WASHINGTON, 10; PITTSBURG, 7. Washington, Sept. 14.-The weather cleared sufficiently to permit the Washington and Pitts burg teams to play to-day, although the grounds were in a very bad condition. Considering the soggy turf, the fielding on both sides was good and the batting heavy. The Senators patted Staley hard, and their hits were well bunched, while those of the visitors were somewhat scat-tered. Keefe was wild and at times had no con-trol over the ball, but he was given good sup-

DIVIDED HONORS AT BOSTON. Boston, Sept. 14.-The Bostons and Clevelands divided honors to-day, each winning one game. In the first the fielding of the visitors was execrable, and this, aided by the Boston's lively stick work, gave the latter an easy victory. In the second game Cleveland played a faultless fielding game and bunched their hits. Boston made the largest number of hits, but only one to an inning. The fielding of Nash, Quinn, Smith, McKean, Stricker and Tebeau were the features of the games. In the third inning of the second game Captain Fastz was fined \$75 and ordered from the field for continued abuse of umpire Curry, and Tebeau was fined \$60. The trouble arose of a double play. Attendance, 6,087. Score of the first game resulted:

Tipton Sports Come to Grief. Special to the Indianapolis Journal. TIPTON, Sept. 14.-The game of ball between the Noblesville and Tipton teams yesterday resulted in a victory for the former by a score of 14 to 11. Considerable money was wagered on the contest, and Tipton sports are a little over \$500 out of pocket. Another game between the same teams is being arranged for next week.

Evansville Deteated. Hits-Peoria, 8; Evansville, 6. Errors-Peoria, 4; Evansville, 6. Batteries-Hoskins and Newman; Latouche and Calhoun. Umpire-Mappis.

Base-Ball Notes. Wise played in ninety-nine games, and made It is rumored that Hudson will be a Chicago pitcher next season Omaha has a good lead in the Western League championship struggle. John Clarkson will pitch every second game

until the season closes. The attendance on the New York games up to Monday last was 187,396. Thompson has done some very timely hitting for the Philadelphias this year. Boston and Indianapolis are the only League clubs ahead of last year's record. Columbus has secured a left-handed pitcher from Pittsburg named Alex. Jones. The Selects defeated the Nickel plates yester-

day afternoon, the score being 21 to 5. Pitcher Knouff is once more on the market, Milwaukee being the last club to release him. Boston Herald: No second baseman in the eague has excelled the work of Bassett in the last forty games of the season. In the first ten batters of the League New York has four, Boston and Pittsburg two each, and Chicago and Indianapolis one each.

The Clevelands have won every game played on the Washington ground, a feat not accom-plished by any other League club. Hurley has signed a contract with Milwaukee for next season and left for the Pacific coast, where he expects to play all winter. President Nimick at one time considered Tener and Gumbert, the two Chicago pitchers, unworthy of even a trial with the Pittsburg club. George Gore has received several flattering offers from League clubs, and it is rumored that among them was one from the Bostons.

It is thought the batting has not been strong enough this year to warrant anything being done that will tend to diminish this feature of Kelly, Anson, McKean, Glasscock, D. Richardson, Thompson, Beckley, Dunlap, Wilmot and Hoy are the great sacrifice hitters of their re-

A Journal Reader: The bet is a draw unless the postponed game was specified. If nothing was said to the contrary, the bet was on the The number of League batters who have made over 100 safe hits this season has been increased to thirty-seven. Wilmot, Wise and Hallinan are the latest additions to the list.

Anson is credited with saying that New York will win the pennant, although he believes that if there were two months more of the season the Chicagos would take first place. The eight leaders of the Association at the bat up to Sept. 1 were: Tucker, .371; Halliday, .343; O'Neil, .341; Burns, .332; Orr, .329; Keenan, .319; Larkin, .317; Burns (K. C.), .315.

Tom Loftus, the man who made such a hit with the Clevelands, is one of the most modest of men about salary, and never signs a contract. The Cleveland Club is likely to make him a \$500 present at the end of the season. There will be two games at Brighton Beach to-day. The Kellehers and Capital Citys will play at 10 o'clock this morning, and the Nation-als and Daltons will meet at 3:30 this afternoon. These games will be the last of the City League

Hanlon says that the attendance in Pittsburg has been killed by playing two games in one day. Manager Hart is in favor of the League passing a law that two games shall not be played in any season in one day, except in the final series be-

The home-run hitters of the League are as follows: Thompson, 19; Denny, 15; Ryan, 13; Connor, 11; Farrell and Duffy, 10 each; Tebeau and Wilmot, 8; Beckley, Brouthers and Kelly, 7 each; Mulvey, 7; Gore and Tiernan, 6; Miller, 6; Glasscock, Hines and Seery, 5 each. Washington Post: Washington has a good trio of youngsters in Ferson, Haddock and Keefe. They stand well now among the League pitchers, and with a good fielding team to help them out, the Senators should stand higher in the race next season than they will at the close of 1889.

Anson is again at the front with his theory as to the best method of increasing the batting. He thinks balls should be made livelier. With more rubber in the ball the outfielders would have more fly-chasing to do, while the infielders could not pull down so many apparently safe hits. Manager Hart says that there will probably be no series between the Bostons and New Yorks at the end of the season. The Bostons have ar-ranged to play in Washington during that week. Mr. Hart says that he does not think that Boston

people will care anything about an exhibition series with New York at the close of the regular From the tenor of remarks Manager Hewett recently made there is a strong probability that in the course of a week or so some of the men

of the Washington team who have been soldiering will find that Hewett manages to keep himself pretty well informed as to their actions.

Two of the men are booked for release, and their places will not be filled unless some excellent material can be obtained between now and the close of the championship season

Philadelphia Press: John T. Brush, without his mustache, looked youthful as he shook hands with gray-whiskered Harry Wright, of the "Phillies," in the Continental lobby last evening. Mr. Brush is the president and practically the owner of the Indianapolis Base-ball Club. He was taking a short received from husiness when he left home with his pretty daughter on a trip East with the club. He had hoped to see the Hoosiers and "Phillies" play, but he will go back to Indianapolis to-day. Miss Brush will spend a few days with friends on North Sixteenth street, and accompany them on a visit to California in a special car. Mr. Brush is the big merchant in the Hoosier capital, his store covering a whole block, while he owns branch stores in eighteen other Western towns. He is connected with a long string of secret societies and is a many-times de-

TURF EVENTS. Close of the Fall Meeting of the Queen City

Equinoctial Stakes Won by Reclare. SHEEPSHEAD BAY, N. Y., Sept. 14 .- The feature of the day was the race for the Equinoctial stakes for two-year-olds. As was expected, it was won by Reclare, who just galloped home as if it were play for her. Just before the second race the stewards called Anderson into the stand and told him the betting against King Crab looked very queer, and they wanted him to ride his best. He did, and won with ease. The track was very heavy.

First Race—Seven furlongs. Prodigal won
Raymond second, Oarsman third. Time, 1:32. Second Race—One and one-eighth mile. King Crab won; Bridgelight second, Joe Lee third.

Third Race—Equinoctial stakes; about three-quarters of a mile. Reclare won; Jersey Pat second, Lord Dalmeny third. Time, 1:13. Fourth Race—One and a quarter mile. Come to Taw won; Cartoon second. Time, 2:12 3-5.

Fifth Race—Two-mile heats on turf. First heat—Tea Gray won; Lotion second, St. Luke third. Time, 3:47. Second heat—Tea Tray won; St. Luke second, Lotion Third. Time, 3:54.

Fatal Accidents to Horses and Men. DUBUQUE, Ia., Sept. 14 .- At the Jackson coun ty fair, yesterday, at Maquoka, an accident resuited in the death of McGregor Boy, one of the trotters, and a probably fatal injury to Bert Smith, his driver. A Clinton horse and Mc-Gregor Boy got off ahead, the latter slightly in the lead. At the first turn the former tried to take the pole from McGregor. The wheels of the sulkies interlocked, and both horses and their drivers were thrown to the ground. McGregor Boy's neck was broken and he died instantly. Bert Smith, his driver, had an arm broken and

was internally injured. McGregor Boy was owned by Mr. Adams, of Prophetstown, Ill., and was valued at \$8,000. LEXINGTON, Ky., Sept. 14.—Joe Hooker, a colt of unknown breeding, but valued at \$4,000, fell dead in the 2:25 race at the fair yesterday. He recently went a trial mile in 2:25, and was considered of more than ordinary promise.

Teemer-Gaudauer Boat Race a Draw. PITTSBURG, Pa., Sept. 14.-John Pringle, referee in the Gaudauer-Teemer boat race, decided this afternoon that yesterday's race was a draw, and ordered the men to row over again next Monday, on the Woods Run course, in the Ohio river. Gaudauer's backer positively refused to agree to this, and the two men were then conducted to the office of the final stakeholder, where the money of each was returned to him.

LOSSES BY THE BIG STORM.

They Will Reach \$1,250,000 at New York-The Skies Again Becoming Bright. NEW YORK, Sept. 14,-Rays of sunshine have at last broken through the heavy clouds, and New Yorkers are congratulating themselves that the storm which has remained wifh them since Monday last has fled. The feeling of uneasiness in shipping circles as to the safety of many vessels at sea during the storm remains as keen as ever. There are several New York steamers and sailing vessels overdue, and as telegraphic communication between here and a number of ports still remain cut off, it is impossible to learn anything for the present. Communication with Sandy Hook is all right again. No less than a score of stormdelayed vessels of all kinds and tonnage are reported as having passed up toward quarantine. They all show evidence of having passed through the storm. Some are short of spars and others have their rigging and gear in a disordered state. A rough estimate of the loss to shipping alone at this point by the late storm was made by an officer of the Maritime Exchange this morning. He figured that fully \$1,250,000 damage has been done by wind and sea. The number of vessels known to have been wrecked greatly exceeds the first expecta-tions of shipping-men and many more ves-sels are yet to be heard from.

Losses to the Oystermen. NEW YORK, Sept 14 .- It is claimed by the wholesale oystermen that oyster-planters have 000 by reason of the late storm, and that some of them have been forced out of the business

Saved at Sea. FALL RIVER, Mass., Sept. 14.-The steamer Saxon arrived from Philadelphia this morning, twenty-four hours overdue. She had on board the captain and seamen of the shipwrecked schooner William O. Snow, of Taunton, reported

to have been lost. Boston, Sept. 14.—The bark Catarina R. was abandoned in a sinking condition at sea. Captain Mortola and five of the crew were drowned. The remaining seven men were rescued and landed at Boston by the steamer Dana, from

New York, Sept. 14.—The pilot-boat David Carll this morning brought into quarantine the captain and crew of eleven men in all of the German bark Urna, which was capsized during the storm.

Losses by Fire. Special to the Indianapolis Journal.

TIPTON, Ind., Sept. 14 .- At an early hour this morning the frame barn of Amos DeLong, a farmer living near Curtisville, this county, was burned, with all its contents. Wheat, corn, oats, farming implements and two valuable horses were destroyed, entailing a loss of \$1,500; insured in the Phenix of Brooklyn for \$1,100. The fire was of incendiary origin.

CHICAGO, Sept. 14.—A spark from an electric light set fire to Marshall Field & Co.'s booth in the Exposition Building this evening, and before the flames were subdued damage to the extent of \$15,000 was caused. The following firms are the heaviest losers. Marshall Field & Co., M. B. Haynes & Co., Schleisinger & Mayer, Gossage & Co., Mandel Bros., D. B. Fisk & Co., Chapin & Tuttle, the Henry Dibble Company, and C. & E. N. Partridge.

CHICAGO, Sept. 14.—Fire this morning destroyed two three-story buildings and the Second Baptist Church and damaged the Haven public school building. The aggregate loss is about MELBOURNE, Aus., Sept. 14.—George & George's Federal Emporium and adjacent buildings were burned to-day. The loss is £200,000. Three firemen received injuries from which they died.

Do You Like a Good Sunday Dinner? We can give you the best if you will stop and see us Sunday. From 11:30 a. m. to 2 p. m. the following bill of fare, all for 25 cents;

GOOD NEWS FOR THE The most stubborn diseases The suffering need suffer

no longer.
Come and be cured.
In our treatment of chronic diseases we use specific remedies heavily charged with ozone, that destroy the germs and parasites that cause catarrh and all diseases of the mucous membrane. More than forty years' constant practice has made us familiar with all the diseases that afflict the human family and enables us to detect them at once. Also, with all the remedies of the various schools of medicine and their curative merits. But we are now using in addition, German specifics that will absolutely antidote every blood poison of whatever character, and bring into harmony the molecular action of the and bring into harmony the molecular action of the human system disturbed by disease, destroying all germs and parasites.

All chronic catarrhs, and, in fact, many of the diseases from which men and women suffer and die, are caused by parasitical germs that eat into the vital parts and produce blood poison.

Our specifies, when properly applied, never fail to destroy these germs, thus restoring the system to its normal condition, and hence to health.

REMOVE THE CAUSE OF DISEASE, AND HEALTH AND COMPORT FOLLOW. THIS IS OUR METHOD, AND THE SECRET OF OUR SUCCESS WHERE OTHERS FAIL In our practice in Indianapolis we have accom-plished many cures of cases given up by the patient himself and by his physician as incurable. These patients are now in full health and vigor, and will cheerfully attest all we say regarding them.

Mrs. L., of Pine street, had inflammation of the eyes of several years' standing, granulated lids and nebulous formations upon the eyes, greatly impairing the sight and rendering her almost blind. Her case had been prnounced hopless by her physician. When she came to me last December she could only distinguish light in a window, and could not distinguish the features or color of persons about her. In a few weeks, under my treatment, she was able to go where she willed, alone, and now can thread a needle without artificial aid and can read newspaper print readily.

Mr. S., of Massachusetts avenue, had virulent and ulcerated catarrh extending to the ear, producing offensive discharges; bones of face and ears badly inflamed, causing the most intease neuralgic pains in both face and ears. He was cured of neuralgia in forty-eight hours; of catarrh within four weeks, and is now entirely well and free from both.

Miss M., of Massachusetts avenue, afflicted for a long time with dyspepsia, with all its attendant sufferings—also with a complication of female diseases from which followed nervous prostration, culminating in severe neuralgic pain. She had also been afflicted with catarrh of the head, throat and stomach, and had been a great sufferer for many years. She came under my treatment in May last, and was restored to perfect health inside of eight weeks.

Hundreds of cases of chronic diseases under my treatment can be successfully verified by calling at my office.

All chronic diseases a specialty and perfect cure WILLIAM CLARK, M. D.
